Hi Mike and Janelle,

Does DEQ have any further documentation regarding the involvement of Reynolds Metals Company in this site? We have the summary of what was in the DEQ database about them buying it and refurbishing it in 1982 under the name of ALRECO. Do you happen to have any more info about that or documentation?

Thank you!

Hi Betsy-

I spoke with the Benton Charter Township office. Although the property is in the City of Benton Harbor, I decided to start with the township since I saw the "Benton Charter Township" manhole covers during my site visit.

The site is served by the township drinking water system, although it is located in the city. The

township's water intake is from Lake Michigan, and the pipe is a mile and a half from the shore.

The groundwater from the facility likely vents into the Paw Paw River, which is adjacent to the property. I'm not aware of any wells or water intakes that would be affected.

Hi Janelle – No worries.

If it is relatively easy for you to do that would be great. The main thing I'm trying to determine would be if releases from the site might have the potential to impact the drinking water from wells of anyone that is nearby, and /or the surface water intake for the municipal system.

I have to have a draft plan completed by the end of the day today, so I'd need to know by then, if possible. If you don't have time, it's no problem.

Thank you!

Hi Betsy-

Sorry I wasn't able to respond sooner. I had to leave work last Tuesday since my son was ill, then was out in the field and on AL for the last part of the week.

We saw manholes at the site labelled "Benton Charter Township". The site is in the City of Benton Harbor, but is adjacent to Benton Charter Twp. Most of the City is across the river, so it would make sense that the facility is served by the township utilities. I believe the site is served by water and sewer. Do you want me to look into this further?

Hi guys – I am working on writing up a proposed action to address this site, so I keep having questions today – sorry – I can't remember if I asked you this already and can't remember the answer – Janelle – this the area around the site generally on city water, that you know of?

Hope all is well.

Thanks,

Betsy

Hi Betsy-

Thank you for the information you forwarded regarding the Alreco/Ace facility in Benton Harbor. My co-worker Audrie Kirk visited the facility on June 4, 2014, and found that the ash piles are migrating throughout the site. The owner responded to DEQ's Violation Notice, and committed to covering all ash piles with tarps, or other impermeable covers by April 30. He also agreed to install catch basin inserts in all catch basins within vicinity of the ash piles. At the time of Audrie's visit, the ash piles remained uncovered. Only one of the several storm drains in the vicinity of the ash piles contained a storm water insert.

WRD and the other divisions are currently coordinating an follow-up enforcement response.

Please see the attached powerpoint, which documents site conditions. We feel that an immediate response is warranted.

Thanks,

Janelle Hohm

UNDELIVERABLE DISTRIBUTIONS INTO THE UNCLAIMED FUNDS ACCOUNT

At a session of Bankruptcy Court held in this District in Grand
Rapids, Michigan, on this 30 day of April, 1998.

PRESENT: HONORABLE JAMES D. GREGG
Bankruptcy Judge

THIS MATTER comes before the Court upon the Debtor's Motion to Authorize Initial Distribution, Approve Pro-Rata Distribution Percentages, and Deposit Undeliverable Distributions into the Unclaimed Funds Account (the "Motion"). Pursuant to the Motion, the Debtor is prepared to make an initial distribution under the Debtor's Plan of Reorganization dated April 15, 1996 (the "Plan") that was confirmed by this Court on September 5, 1996. The Debtor's Motion represents that the Debtor has approximately \$1,273,367 remaining in the Bankruptcy Estate ("Estate") and after reserving for the remaining expenses related to the administration of the Estate of approximately \$60,000, there will be \$1,213,367 available to distribute at this time to unsecured, non-priority creditors. The Debtor's Motion further represents that the unsecured, non-priority creditors' total claims are approximately \$11,288,667.64, which will result in an initial distribution of approximately 10.8% on each claim. Finally, the Debtor's Motion represents that it anticipates some of the initial

distribution checks may prove to be undeliverable and be returned to the Debtor. NOW, THEREFORE,

IT IS ORDERED that the Debtor is authorized to make an initial distribution of the net funds of the Estate, less a \$60,000 reserve for administrative expenses, in the approximate amount of \$1,213,367 to the parties in the pro-rata distribution percentages and distribution amounts listed on Schedule 1 attached to this Order after thirty-five (35) days following service of a copy of this Order unless a party in interest files a timely written objection.

IT IS FURTHER ORDERED that any checks that prove to be undeliverable be deposited in the unclaimed funds account of the Court.

IT IS FURTHER ORDERED that a copy of this Order shall be mailed to all of the parties listed on the Debtor's Matrix by first class mail, postage prepaid. A thirty (30) day period for objection to this Order shall commence upon mailing of the Motion and this Order. Any party objecting to the entry of this Order must do so in writing by filing such an objection with the Bankruptcy Court Clerk's Office, P.O.
